

Sergio Vallortigara

LA VETRINA DI GIULIA

La vetrina di **Giulia** è per bambini
dai 5 ai 9 anni.

E' un gioco di "**compere**" che
consiste nell'indicare a Giulia cosa
acquistare con gli € che possiede e
poi aiutarla a "**pagare alla cassa**"
l'oggetto o gli oggetti acquistati.

Il gioco è graduato in 10 livelli, chi
riesce accompagnare Giulia fino al
10° livello può sentirsi un ottimo
amico matematico di **Giulia**.

Buon shopping!

Gli esempi del gioco li trovi in
versione PowerPoint
"**la vetrina demo per insegnanti e
per bambini**".
